

Space for SRJS program

Online collaboration space for partners within the SRJS program

We have set up an online collaboration space for all partners within the SRJS program. The aim of this platform is to offer a central place for all partners involved in the SRJS program, to give an overview of the activities of everyone involved, to offer access to relevant resources and to facilitate online collaboration on program objectives. Partners can contribute by sharing updates on activities and insights, so we can learn from each other.

Please note: this collaboration space is only accessible to partners within the SRJS program. For more information or to receive login credentials, please contact Doris Schyns.

Access

Logged-in users with access rights can reach the space in several ways:

- Go directly to the SRJS-program by following this link: <https://collaborate.green/display/PROGSRJS>
- Go to the SRJS-programme by clicking on the link under 'Programs' at the homepage (see below image)
- Go to the SRJS-programme from the space menu on top of the page:
 - Place your mouse on 'Programs'. A drop down menu will open showing a list of available programs
 - Click on 'Program SRJS'
